## ► Parent Virtual Workshop Series for Fall 2021

Intro: With COVID-19 changing the way we interact with our school community, it is imperative that we support parents and families of the LICHS community in order to make the transition from remote to in-person instruction this fall as smoothly as it can be. We may all still be feeling the effects of COVID-19 on our physical health, our mental health as well of those around us. Join us for our 3-part series “Post-Pandemic Era: Survival Guide”, where we will share more information on new protocols, adjusting to our new normal and how to support our students in integration back into the LICHS community. You will also learn how you can integrate yourself into the LICHS community!

## Post-Pandemic Era: The Survival Guide

### ► **Part 1: Back on track!**

Anxious about what steps we are taking to keep your children safe upon their return to school? Worried about what the new norm will look like for our students? Join us for part 1 of our 3 part series where we will discuss what to expect during arrival, what our new safety protocols are and what the new norm will look like for students. We will also touch upon how to support your child in adjusting to this new norm.
